A HISTORY of MOVING DREAMS forward

With Yamaha, every challenge is an opportunity for adventure. Snowmobiles, generators, scooters, ATVs, personal watercraft vehicles and more.

With such a long history of success in a variety of industries, you can trust Yamaha to continue innovating with new technology that creates unforgettable moments in the lives of our customers.

1975
Yamaha's first golf car. This powerful unit was compact and lightweight, and served as the model for moving dreams forward.

1985
The first golf car to feature a 4-stroke, overhead valve engine and an injection-molded, plastic front and rear body.

1996
The G-19 Model (UL Tima) Golf Car featured innovative roll-away safety protection and regenerative braking.

2016
The Drive2 lineup brought forward all the best features from The DRIVE but also introduced QuieTech EFI – a gas car that’s almost as quiet as an electric. Additionally, QuieTech EFI included the first Independent Rear Suspension ever to be built on a golf car.

2006
The DRIVE was introduced with striking new features designed to radically change people’s perception of the golf car.

1985
The first golf car to feature a 4-stroke, overhead valve engine and an injection-molded, plastic front and rear body.

2018
UMAX® & UMAX RALLY™ LIGHT UTILITY VEHICLES
	The UMAX lineup combined the best features of Yamaha’s motorsport legacy to create a game-changing utility vehicle line. Building on that line, the UMAX Rally was added to the family, providing a lifted, pre-accessorized version of the already successful UMAX.

2019
UMAX Rally2+2 LIGHT UTILITY VEHICLE
	Expanding on the innovative UMAX launch, the UMAX Rally2+2 was added to the lineup featuring lifted suspension, 23" all-terrain tires, Yamaha Genuine wide fender flares and front brush guard and a standard convertible rear-facing seat for more loved ones or more cargo.

With such a long and proud history of building everything from golf cars to snowmobiles, Yamaha is one of the most recognized and respected brands in the world.

RELIABILITY
60+ years of experience building everything from golf cars to snowmobiles, making Yamaha one of the most recognized and respected brands in the world.

YAMAHA LIGHTS THE WAY

Nothing stays the best unless it evolves. What drives us?
Our unwavering dedication to innovate the best for our customers.

Halogen lights are no longer as optimal as they once were. We recognized that and upgraded our standard so that our golf cars now come standard with LED headlights and an optional LED Backlit Yamaha Logo Light (pg. 15), for a brighter ride.

Our lights are more powerful than ever with exceptionally less drain on your batteries, and deliver double to triple the amount of visibility than our competitors, so you can enjoy riding confidently, even as the sun sets.

Maximize the battery life of your Yamaha by using the BFS™ Battery Watering System that'll make routine maintenance a breeze. Low water levels in lead-acid batteries are the primary cause of shortened battery life. Using a watering system saves time and money by filling the batteries simultaneously, providing a safer environment by reducing operators’ exposure to battery acid. This accessory also improves battery life and overall performance. Fits 2019- UMAX Two AC and UMAX Rally Two AC models. (For your correct kit, verify your battery type (MFG/MDL).

Visitor Mirror by Assault Industries™
Expanding from the success of Yamaha’s Assault Bomber Mirrors, we collaborated with Assault Industries™ to provide a mirror solution for all applications. This Explorer Mirror by Assault Industries™ was designed for the outdoor adventurer seeker! These mirrors feature the greatest range of visibility. The housing is made from high impact polymer for lightness and durability. Clamps below—sold separately—required for installation. Fits all 2019-UMAX and UMAX Rally models.

Bomber Mirror by Assault Industries™
The Assault Industries™ Bomber series side mirrors are made from high-grade aluminum and lightweight polymer materials. These mirrors feature sleek, aggressive styling. They are designed, highly adjustable mirrors provide exceptional rearward visibility. These mirrors were designed to provide maximum visibility. The break away design helps to prevent crushing damage to the mirror by allowing it to fold away on impact. Clamps—sold separately—are needed for installation. Fits 2019-UMAX One/Two and all UMAX Rally models.

Mounting Clamps by Assault Industries™
Use these simple to install, rugged military-grade constructed Mounting Clamps that have a fade resistant-coat with black ends seals from 6061-T6 billet aluminum. Mounting Clamps are needed to install both the Bomber and Explorer Mirrors by Assault Industries™. Universal fit for round tube roof supports, pillars, or brush guards.

Heated Seat Cover
Experience the epitome of comfort during wintry weather with our renowned Viking® Side-by-Side models’ Heated Seat Covers. Fits all 2019-UMAX and UMAX Rally models. Each cover is sold separately and requires a separately sold 12v Receptacle (ATV-12VPC-00-RC).

NOTE: The Heated Seat Covers are sold separately. When ordering for your UMAX, the set will include one seat bottom cover, one seat back cover, and one headrest cover.

For the Right Protection, the Pros Know Where to Go

Yamaha's work hard all day. You need protection that does too. Make sure your Yamaha is always up for the task with high-quality Yamalube Quality Care Products.

Better Lubrication
At Yamaha, we have stringent lubrication standards for all of our vehicles—and other off-the-shelf oils just aren’t up to par. That’s why we created our own. Our factory-approved engine oils include unparalleled mineral base stocks and technologically superior additives, providing excellent protection that matches your engine’s demand.

Better Protection
Yamalube Performance All-purpose Golf Car oil is available in the precise multi-grade viscosity recommended for your four-stroke Yamaha, and meets or exceeds all industry standards.

GLARE® Blast™ Spray Polish
This spray polish is formulated with Ultra-Adaptive Glassplexin® that makes glass surfaces pop with brilliance and fail or cut surfaces look brand new without a streaky shine. It removes and prevents grime and road tar and helps protect your vehicle’s finish and reduces damage caused by road tar, road salt, bird droppings, tree sap, glass, ink, spray paint, nicotine, fallout, dirt, odors, and more. Use on glass paint, flat paint, chrome, carbon fiber, plastics, glass, Plexiglas, metal of all kinds, plastics, rubber, leather, vinyl, and Plexiglas®.

YamaClean® Glass Cleaner
Leaves glass, or plastic windshields, mirrors, visors, and windows streak-free and amazingly clear. Contains no ammonia, fast drying and won’t harm tinted windows.

YamaCoat™ Plastic Coating
A high-quality plastic coating that helps maintain the color and surface finish of plastic for that elusive factory-finished look. The unique comfort gel gives even spray on components to be treated. Does not drip, wipe off with a cloth, dry, or itch. Can also be used to help inhibit adhesion of mud and dirt for easy cleanup. Ideal for use on motorsports and off-road motorcycles, ATVs, side-by-sides, and any other vehicles where plastic components are used.

YamaClean® Vinyl Dressing
This one-step formula restores and protects vinyl, rubber, plastics, and leather. When dry, it leaves a transparent and water-repellent gloss coating that isn’t sticky. It also helps prevent drying and cracking.

YamaClean® Pro-Wash Spray
A biodegradable vehicle spray wash that removes grime and soil. Rinse off and helps keep your vehicle looking new. The most effective way to remove grime, grease, and bugs from most surfaces.

Spray Polish and Instant Detailer
This quick detailer will restore a lustrous shine to paint, chrome, glass, and smooth plastics like visors, windshields, and gauges. Great for fuel-use plastics, rubber, and vinyl. A beautiful touch to shine. Anti-static properties repel dust and dirt to keep that shine.

Better For Your Yamaha
Protect your Yamaha from the wear and tear of nearly continuous use with Yamalube 10W-30 All-purpose Golf Car oil. It includes high-quality mineral base stocks and provides incredible film strength.

Better Protection

Yamaha now warrants the use of Yamalube in all of its engines with the Yamalube Advantage™ engine lubrication limited warranty, covering 20 years or 5,000 hours or 100,000 miles (whichever comes first).

To date, Yamalube remains the only oil built around the stringent demands, operating characteristics, and applications of not only Yamaha engines, but all powersport engines. With over 50 years of success, we still strive to make the best even better.

Yamaha Advantage

In the early 1960s Yamaha’s vehicles were dominating the motorsport game with top performance, but the quality lubrication required to foster that performance didn’t exist—essentially stifling the peak potential of Yamaha machines. Leo Lake, the National Service Manager for then Yamaha International Corporation, noticed and took action.

In 1967, after testing hundreds of lubrication combinations, Leo developed a blend that became the iconic Yamalube brand the world knows today.
