<tbody>
<tr>
<td>1985</td>
<td>G-2 Model Golf Car</td>
<td>The first golf car to feature a 4-stroke, overhead valve engine and an injection-molded, plastic front and rear body.</td>
</tr>
<tr>
<td>1996</td>
<td>G-19 Model (Ultima) Golf Car</td>
<td>The first 48-volt electric golf car featured innovative roll-away safety protection and regenerative braking.</td>
</tr>
<tr>
<td>2006</td>
<td>Drive/two numr Golf Car</td>
<td>The Drive/two numr lineup brought forward all the best features from The Drive but also introduced QuieTech EFI® – a gas car that’s almost as quiet as an electric. Additionally, QuieTech EFI included the first independent Rear Suspension ever to be found on a golf car.</td>
</tr>
<tr>
<td>2016</td>

The best car
IS STILL BETTER

A gorgeous weekend is forecasted, and there’s no question that camping, fishing, or simply exploring with the ones that make you smile will be on the agenda.

With the Drive², you’re riding in over 60 years of precise engineering and technological innovations blended together into the most luxurious Personal Transportation Vehicle (PTV) in the industry. Don’t settle. Get the best for you and yours.

All the features
A MODERN DRIVER COULD WANT

At Yamaha, we’re innovating with the modern golfer in mind, and we’ve created something completely new—the Drive². With bold colors and modern body styling, it looks better than ever, but the biggest change is the one you don’t see—a smoother ride.

TWO USB CONNECTIONS
To help drivers and passengers stay charged, right from the dash.

FRONT SUSPENSION
Fully independent front suspension for maximum comfort.

STORAGE BIN WITH NO-SLIP MAT
34% larger to keep more valuables in place.

AUTOMOTIVE-STYLE DASH
Comes fully equipped with dual-sized cup holders, room for more items like snacks and mobile devices, and two USB ports.

DRIVE² SUN TOP
Our factory ClimaGuard™ Sun top offers protection from the elements, has a dual gutter system and is 33% larger than the nearest competitor.

NEWLY REDESIGNED PADDLED STEERING WHEEL
Designed for more comfort and better handling.

REAR FOLD-DOWN SEAT
When you need to carry cargo instead of people, the rear-facing seat flips down to create a 200lb capacity storage space. Available in tan or black.
Don’t let that comfortable seating and sporty design fool you. The Adventurer Sport 2+2 may play nice, but when it’s time to take on a tough job, it’s ready to work hard. Easily go from cruising around the block with friends to maintaining the community garden or hauling gear for a family camping trip with 300 lbs. of payload capacity, large 20” tires and a lifted suspension.

MORE VERSATILITY and VALUE for the MODERN DRIVER

Yamaha Genuine front brush guard has a black powder-coated finish with 1/4” diameter tubing to fit a variety of mounts for additional lighting accessories.

WITH 20” TIRES, FLIP-DOWN SEATS, AND 3” LIFT KIT, IT’S A LOW-MAINTENANCE, RELIABLE COMPANION.
A gas car that is
ALMOST AS QUIET AS AN ELECTRIC

Our Personal Transportation Vehicles take the effort out of errands. The Drive² handles like a dream and makes even short trips fun! We developed our QuieTech EFI technology to create a quieter, more fuel-efficient ride, so you can spend less money on fuel and more on doing the things you love.

The QuieTech EFI boasts the lowest decibel output of any gas car and features the industry’s first-ever Independent Rear Suspension in a personal transportation vehicle. These innovations will give you plenty of quiet time, and quality time, when you’re on the go.

It’s ALL ABOUT the JOURNEY

Whether you want a Personal Transportation Vehicle for riding around the neighborhood with friends and family, or you want to climb hills without breaking a sweat, the silky smooth acceleration of the PowerTech AC PTV will allow you to enjoy the journey as much as the destination.

Yamaha is the only golf car manufacturer that uses industry-best Trojan T-875 batteries as standard equipment.

Based on the averaging of two completed separate tests on two batteries for each brand.

Shown with optional Yamaha Genuine Accessories.
OUR ONLY QUESTION FOR YOU IS REFILL OR RECHARGE?

With our quiet gas cars boasting a 261-mile range and our electric cars wielding an industry-leading 6.7 horsepower motor, making a decision between the two simply comes down to preference. Either way, the choice is yours.

PowerTech AC cars prioritize energy efficiency while offering all the power you need—rapid acceleration, smooth uphill climb, and exceptional battery strength and endurance. You can’t go wrong with PowerTech AC because our battery power is synonymous with horsepower, and efficiency is our middle name.

• PowerTech AC Drive
• Toyota Industries-built motor controller unit
• Reliability and proven performance
• Cradle-smooth suspension system
• Industry-leading T-875 Trojan batteries come standard
• Best hill-climbing ability
• Delta-Q charger

YAMAHA LIGHTS THE WAY

What drives us? Our unwavering dedication to innovate the best for our customers. And at Yamaha, we know nothing will continue to be the best unless it evolves.

Halogen lights are simply no longer the best, so we’ve raised our standard. Now, all of our premium personal transportation vehicles come outfitted with LED headlights for a brighter, clearer ride.

Now more powerful than ever before, our lights deliver exceptionally less drain on batteries and produce double-to-triple the amount of visibility compared to our competitors. With Yamaha, you can enjoy your ride confidently, even after the sun sets.

YAMALUBE®

Perfect Protection
Yamalube Quality Care Products

For the Right Protection, the Pros Know Where to Go
Golf cars work hard all day long. You need protection that does too. Make sure your Yamaha is always up for it with high-quality Yamalube Quality Care Products.

Better For Your Yamaha
Protect your Yamaha from the wear and tear of nearly continuous use with Yamalube 10W-30 All-purpose Golf Car oil. It includes high-quality mineral base stocks and provides incredible film strength.

Better Lubrication
At Yamaha, we have stringent lubrication standards for all of our vehicles—and other off-the-shelf oils just aren’t up to par. That’s why we’ve created our own. Our factory-approved engine oils include unparalleled mineral base stocks and technologically superior additives, providing excellent protection.

Better Protection
Yamalube Performance All-purpose Golf Car oil is available in the precise multi-grade viscosity recommended for your four-stroke Yamaha golf car, and meets or exceeds all factory requirements.

YamaCoat™ Plastic Coating
A high-quality plastic coating that helps maintain the color and surface finish of plastic for that elusive factory-finish look. The unique comfort tip gives an even spray on components to be treated. Once applied, wipe off with a clean, dry cloth. Can also be left wet to help inhibit adhesion of mud and dirt for easy cleanup. Ideal for use on motorcycles and off road motorcycles, ATVs, Side-by-Sides, and any other vehicle where plastic components are used.

10 OZ. CAN
ACC-YAMAC-DA-TC (QTY. 12*) | $8.99

Spray Polish and Instant Detailer
This quick detailer will restore a lustrous shine to paint, chrome, glass, and smooth plastics like visors, windshields, and gauges. Great on textured plastics, rubber, and vinyl. A beautiful satin finish. Anti-static properties repel dust and dirt to keep that shine.

14 OZ. CAN
ACC-SPRAY-PL-SH (QTY. 12*) | $6.99

Yamashield™
Creates a non-conductive shield on surfaces that are exposed to the elements and provides extreme rust and corrosion protection, preserving metal components and electrical connections from moisture.

12 OZ. CAN
ACC-YAMASH-LD-09 (QTY. 12*) | $9.49

GLARE® Blast™ Spray Polish
This spray polisher features Camo-Adaptive Glasspox® that makes gloss surfaces pop with brilliance and flat or matte surfaces look brand new without colored haze. It removes and prevents fingerprints while blocking harmful UV rays (UVA/UVB). Protects your vehicle’s finish and reduces damage caused by road salt, road dirt, and debris.

32 OZ. BOTTLE
ACC-YAMAC-PW-GL (QTY. 12*) | $13.99

YamaClean® Pro-Wash Spray
YamaClean Pro-Wash Spray is a biodegradable vehicle spray wash that removes grime and soil. It cleans and helps keep your vehicle looking new. The most effective way to remove grime, grease, and bugs from most surfaces. For use on all Yamaha products: golf cars, ATVs, motorcycles, boats, WaveRunners®, personal watercrafts, outboards, Side-by-Sides, snowmobiles, and generators.

Prevent fuel system corrosion, improve performance, and extend the life of your Yamaha by using Fuel Med RX. Routine use will fight back phase separation, moisture damage, dissolve gum, and varnish in your carburetion system—while extending spark plug life.

Yamaha now warrants the use of Yamalube in all of its golf car engines with the Yamaha Advantage engine lubrication limited warranty, covering 5,000 hours.

Note: Use continuous treat rate if in-season fuel will sit in a tank for more than seven days. The storage treat rate keeps fuel fresh for up to one year.

Empower your golf car with superior carbon deposit control, cleaning injectors, carburetors, intake valves and ports, and combustion chambers. Also protects fuel system metals from ethanol sulfate salt corrosion.

Yamaha now warrants the use of Yamalube in all of its golf car engines with the Yamaha Advantage engine lubrication limited warranty, covering 5,000 hours.

Think your UMAX wants the same oil as a minivan? Give it the care only the most rugged utility car on the market deserves: Yamalube (an oil kit specifically crafted to support the UMAX’s performance, power, and versatility). Fits all 2019-UMAX EFI models.
